TITLE IX NOTICE OF PROPOSED RULEMAKING 2022

TITLE IX REGULATIONS

- Congress passed Title IX of the Education Amendments in 1972
- Since 1980, the Department of Education's Office for Civil Rights (OCR) has had primary responsibility for enforcing Title IX

- August 2020: Significantly amended, due-process oriented Regulations took effect (proposed in Nov. 2018)
- June 2022: OCR published the Notice of Proposed Rule Making (NPRM) outlining proposed changes to the Title IX regulations
- On July 12, 2022, the NPRM was published in the Federal Register and the 60-day comment period began

NPRM PROCESS TIMELINE

- Official publication in the Federal Register July 12, 2022
- Review and comment period
 - 60-day comment period ended September 12, 2022
 - Submit comments to the Department of Education's Office for Civil Rights (OCR)
- Final Rule expected to be issued in Spring 2023
- Effective Date approximately Summer/Fall 2023
- Watch for ATIXA webinars and other opportunities 😊
- There will be a separate NPRM for Athletics

PREPARING FOR IMPLEMENTATION

- Must continue to fulfill obligations under the current regulations for the 2022-2023 academic year.
- Anticipate OCR will expect schools to implement the new Title IX regulations before the start of the 2023-2024 academic year.

Steps to Take Now:

- Prepare to educate your community on the changes
- Identify stakeholders that will need to be involved in making policy decisions (e.g., whether to have hearings)
- Determine how you will manage policy changes
- Plan for the training needs for your community
- Consider state laws, court decisions, and other regulations that may affect your institutional approach

COORDINATOR ONE REVIEW

COORDINATOR ONE REVIEW

- Members of the Title IX Team
- Policies = The Rules
 - Clearly articulate the difference between making a **report** v. making a **formal complaint**
- Procedures/“Process” = How alleged policy violations are addressed
- When Title IX applies
 - Event occurred in the US
 - Complainant is P/ATP
 - Respondent is under your control
 - In a Program or Activity of your institution
 - Falls under definitions of Section 106.30

PROCESS

Prompt

Equitable

REMEDIES

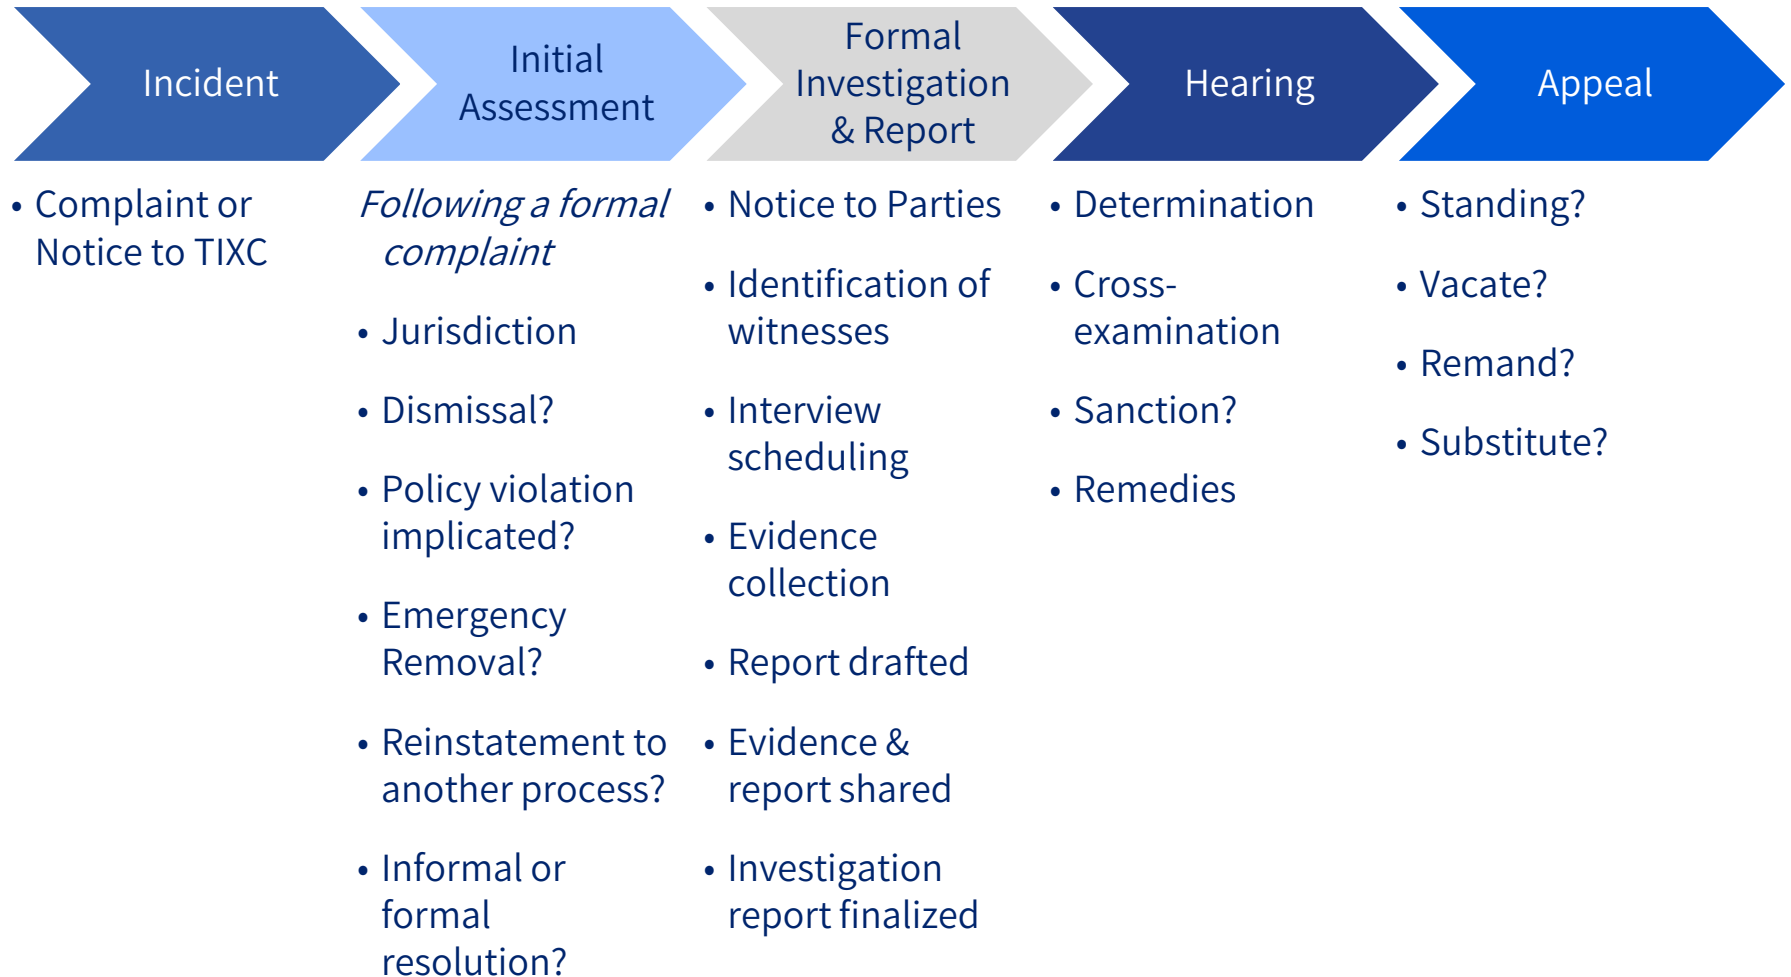

Act reasonably to stop discrimination

Act reasonably to prevent recurrence

Act equitably to remedy effects

THE PROCESS

DISCUSSION

- Where are you in your development as a Title IX Coordinator?
- What types of issues are you seeing at your institution?

COMMITMENT BEYOND COMPLIANCE

- Industry standards = the floor; Best practices = the ceiling
- Statutes, case law, and federal regulations set the floor
- Some states have laws which exceed federal requirements and do not conflict with the Title IX regulations
 - Where they do conflict, the regulations control
- Aiming for the floor = doing the bare minimum
 - Will continue the cycle of inequity and unfairness; activists won't stand for it
 - Civil Rights issues demand a commitment to justice and fairness

ASSESSING YOUR EXISTING PROGRAM

- Structuring Your Team
- Evaluating Your Team
- Leveraging and Empowering TIXC Authority

STRUCTURING YOUR TEAM

- Title IX Coordinator(s)
- Deputy Coordinator(s)
- Investigator(s)
- Decision-Makers—can be a single Decision-maker or a panel of Decision-makers
 - Policy Violation
 - Appeal
- Informal Resolution Facilitator(s)
- Institution-appointed Advisors (higher education only)

ADDITIONAL CONSIDERATIONS: TITLE IX TEAM STRUCTURE

- Title IX Teams can be as small as five people, but will commonly be larger:
 - TIXC + 3-5 deputies (Compliance & Coordination Team)
 - **Institutions of Higher Education** (Grievance Process Team)
 - 2-4 Investigators
 - 4-5 Decision-makers (panel + alternates)
 - 1-3 Appeal Decision-makers
 - 1-3 Informal Resolution Facilitators
 - 4-6 Trained Advisors
 - **K-12 Schools** (Grievance Process Team)
 - 1-2 Investigators per building*
 - 1-2 Decision-makers per building*
 - 1-2 Appeal Decision-makers per building*

*Recommend district-level as well

ADDITIONAL CONSIDERATIONS: CONFLICT OF INTEREST

- **Title IX regulations** require that any individual designated by a Recipient as a Title IX Coordinator...not have a conflict of interest or bias for or against Complainants or Respondents generally or any individual Complainant or Respondent
 - Can be the Investigator
 - **Cannot** be a Decision-maker
 - **Cannot** be an Appeal Decision-maker
 - Trained in an unbiased fashion
 - Neutrality in title, office location/department, supervisory responsibilities, supervisor
 - Non-partisan (in terms of the grievance process)

ADDITIONAL CONSIDERATIONS: DEPUTY COORDINATORS

- Not required by Title IX
 - May be a good practice to designate multiple Deputy Coordinators particularly for larger school districts, colleges, and universities
 - Some Recipients have found that designating a Deputy Title IX Coordinator for each building, school, or campus provides students and staff with more familiarity with the Title IX Coordinator
 - Familiarity may result in more effective training of the school community on their rights and obligations under Title IX and improved reporting of incidents under Title IX

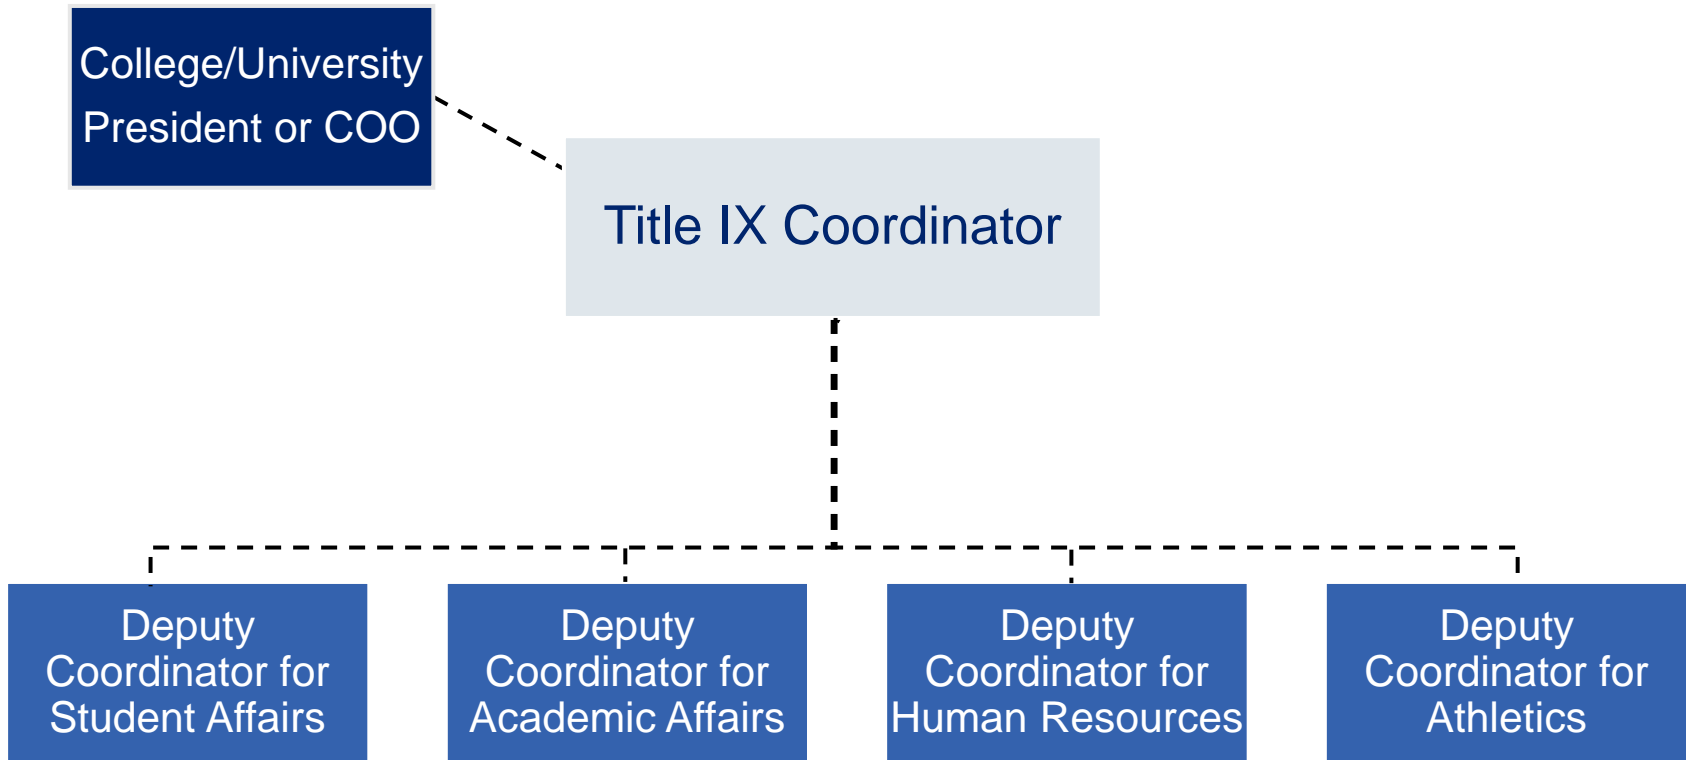

ADDITIONAL CONSIDERATIONS: DEPUTY COORDINATORS (CONT.)

- A Recipient that designates multiple Deputy Coordinators **should designate one lead Title IX Coordinator who has ultimate oversight responsibility.**
 - Recipient should encourage all of its Deputy Title IX Coordinators to work together to ensure consistent enforcement of its policies and Title IX

FACTORS TO CONSIDER WHEN STRUCTURING YOUR TEAM

- Individuals' normal workload and availability
 - Heavy workload = less availability
 - Consider individuals who have more availability
 - Tenured-track faculty vs. tenured faculty
 - Staff
- Inherent conflict of interest or bias
 - Nature of their research and expertise
 - Victim's advocates
- Social media postings
- Primary role at the institution
- Social group memberships
- Volunteer affiliations and organizations

 - Campuses within a larger system (e.g., SUNY schools)
 - K-12 Districts
 - Community College locations
 - Extension campuses
 - Online communities
- Dual-enrollment oversight

- Are their investigation reports thorough, well-written, and free of biased language and evaluation of information?
- Are their decision rationales complete and appropriate?
- Are they knowledgeable about a variety of intersectional issues that may impact complaint resolution?
- What are other ways to evaluate your Title IX team members?

TITLE IX TEAM DISCUSSION QUESTIONS

- What does your core team look like?
 - Structure
 - Roles and functions
- What does your extended team look like (if applicable)?
- What is working?
- What is not working?
- What would improve your team(s) and its/their functioning?

CASE STUDY

CASE STUDY PART I

- Gianna and Jeremy were both first-year students at Poe College. One night they both attended an on-campus party in a residence hall. Gianna drank two to three cups of wine, two to three shots of tequila, and a mixed drink of Sprite and vodka that contained three shots of vodka, both before the party and within an hour of arriving at the party.
- After leaving the party, Gianna and Jeremy decided to walk back to Gianna's residence hall where they engaged in vaginal sexual intercourse. Midway through the sexual encounter, the condom broke, and Jeremy ceased penetration. Jeremy informed Gianna that the condom broke, told Gianna that he would purchase the morning after pill for her the next morning, and then he left. Gianna was later found on the residence hall bathroom floor by another student and alleged that she was raped.

CASE STUDY PART I (CONT.)

- Gianna framed her original complaint to Poe College as non-consensual sexual intercourse because she alleged Jeremy refused to use a condom. Although she told investigators that she had been drinking heavily and couldn't remember parts of the night, investigators focused solely on her framing of the allegations around consent and disregarded statements and evidence that suggested Gianna's incapacitation.
- First responders found a used condom in Gianna's garbage the night of the incident. When asked about the condom, Gianna stated that she guessed it was from her encounter with Jeremy.

CASE STUDY PART I (CONT.)

- When the investigators submitted their draft report to the Title IX Coordinator (prior to the parties' first 10-day review period), the TIXC noted that the report did not include evidence related to Gianna's alcohol consumption on the night of the reported incident.
- The investigators believed the evidence was not relevant because Gianna alleged a violation on the basis of non-consensual sexual intercourse related to condom use.

Questions:

- What is your evaluation of the relevance of the evidence related to alcohol consumption?
- As the TIXC, how would you handle this situation?

CASE STUDY PART II

- The investigator amended the investigation report to include information about Gianna's alcohol consumption.
- The investigators recommended that Jeremy be found not responsible for a policy violation based upon the original framing of the complaint.
- The hearing panel was comprised of four College employees who had been trained by the Title IX Coordinator in Title IX and hearing procedures.
- Gianna requested that the student who found her on the bathroom floor the night of the incident and the RA she spoke to be allowed to testify to the panel. The panel declined this request. Gianna also requested an expert witness to discuss the effects of alcohol and Adderall on the body, and that too was denied.

CASE STUDY PART II (CONT.)

Questions:

- As the Title IX Coordinator, how would you respond to this situation?
- What if Gianna does **not** appeal the decision?
- Is there additional training to provide to the Title IX Team?

COORDINATING THE OVERLAP OF MULTIPLE POLICIES

- Coordination Responsibilities
- Sources of Policy Requirements
- Taking “Inventory”
- Policy Management Tips

COORDINATION RESPONSIBILITIES

- If the institution has multiple policies and procedures (for faculty, staff, students), the institution must ensure that these policies are not conflicting, or do not contain conflicting definitions
 - A strong argument for a single policy!
 - ATIXA’s One Policy, Two Processes Model (1P2P)
- Remember live hearings are required for institutions of higher education under Title IX for all sexual harassment formal complaints. This includes faculty, staff, and student sexual harassment complaints.

SOURCES OF POLICY REQUIREMENTS

- Federal/State Case Law
- Federal/State Statutes
- Federal/State Regulations
- Collective Bargaining Agreements
- Insurance Provider Requirements

- Employee/Staff/Faculty Handbooks
- Student-level Policy and/or Procedures
 - e.g., Conduct Code

TIPS FOR MANAGING POLICY CHANGES

Take	Take the lead in drafting the policy, if possible
Seek	Seek assistance from legal counsel and compliance administrators
Incorporate	Incorporate constituent feedback by scheduling sessions with key stakeholders
Find	Find an opportunity to train senior administrators and board members as a tool to mitigate policy rejection

POLICIES & PROCEDURES: COMPLAINANT SERVICES

- VAWA identifies requirements for institutions to provide information and services to Complainants that overlap with and add to the supportive measure requirements under Title IX

Policy statements in the ASR must include:

- Procedures Complainants should follow if domestic violence, dating violence, sexual assault, or stalking occurs, including information in writing regarding:

POLICIES & PROCEDURES: STANDARD OF EVIDENCE

- ASR must include a statement of the standard of evidence that will be used during any institutional conduct proceeding arising from a report of domestic violence, dating violence, sexual assault, or stalking
 - VAWA does not require a particular standard
- Title IX regulations allow for the choice of using preponderance of the evidence or clear and convincing evidence
 - ATIXA recommends the preponderance standard, as it is the most equitable standard
- Whichever standard is used for students must be used for employees and across all sexual harassment resolution processes

POLICIES & PROCEDURES: PROMPT, FAIR, AND IMPARTIAL

- Institutional disciplinary procedures shall “provide a prompt, fair, and impartial investigation and resolution.”
 - Complainant and Respondent are entitled to the **same opportunities** to have a support person/Advisor of their choice at **any** proceeding or related meetings.
 - The Complainant and Respondent must be simultaneously informed in writing of:
 - The outcome that arises from an allegation of domestic violence, dating violence, sexual assault, or stalking
 - The institution’s procedures for appeal
 - Any change to the results that occur prior to the time that such results become final

 - **How to conduct a “hearing process** that protects the safety of victims and promotes accountability.”
 - Important to follow Title IX regulations with respect to training topics
 - Make sure training materials are neutral

PROGRAMMING AND PREVENTION EFFORTS

- VAWA Educational Programs and Campaigns
- Prevention Education and Training Checklist
- Risk Reduction

VAWA: EDUCATIONAL PROGRAMS AND CAMPAIGNS

- Programs should be tailored to each institution and its constituents and be:
 - Culturally relevant
 - Inclusive of diverse communities and identities
 - Sustainable
 - Responsive to community needs
 - Informed by research or assessed for value, effectiveness, or outcome (i.e., research conducted according to scientific standards and efficacy assessments performed by institutions and organizations)
 - Consider environmental risk and protective factors as they occur in the individual, relationship, institutional, community, and societal levels

VAWA: EDUCATIONAL PROGRAMS AND CAMPAIGNS

- Must be directed at **all incoming students** and **new employees**
 - No requirement that all take or attend, but an attendance/completion mandate is encouraged
 - Institutions **must** make a “good-faith effort” to reach all incoming students and all new employees
 - Requires “active notification of the training’s availability and providing the training in a format and timeframe that encourages and allows for maximum participation.” (34 C.F.R. § 668.46)
 - Means of delivery (in-person, theatrical, online videos, online interactive) can vary depending “on the circumstances of your community.” (34 C.F.R. § 668.46)

VAWA: EDUCATIONAL PROGRAMS AND CAMPAIGNS

- Officials With Authority (OWAs) and Responsible Employees/Mandatory Reporters
- All Faculty & Staff
- All Students

RISK REDUCTION

- Programming should include “information on risk reduction.” (34 C.F.R. § 668.46)
 - Defined as options designed to:
 - Decrease perpetrations and bystander inactions
 - Increase empowerment for victims in order to promote safety
 - Help individuals and communities address conditions that facilitate violence

Note: Information about risk reduction must not be presented in a manner that encourages victim blaming

INTRODUCTION TO CLIMATE ASSESSMENT

- Climate Surveys
- Annual Case Analysis

CLIMATE SURVEYS

- Climate surveys provide opportunities to better understand your members of your institutional community's experiences with sexual harassment, sexual assault, stalking, and intimate partner violence
- Surveys typically consist of questions that will take 10–20 minutes for participants to respond to with information regarding their perspective and experiences
- ATIXA suggests shifting away from the temptation of viewing climate surveys as a source of liability for the institution, or an otherwise unpleasant task
- May be required by state law
- Required for higher education institutions under the 2022 VAWA reauthorization

CLIMATE SURVEYS (CONT.)

- Climate surveys are something we *get to do*, not something we should fear.
- Effective climate surveys shed light on areas of our institutions that need improvement. Think of them as a bridge inspection or elevator inspection; they offer critical data so we can improve and ensure safety.
- In a perfect world with no funding limitations and an aspirational focus, climate surveys should be offered to three groups: faculty/teachers, staff, and students.
- Each survey would have slightly different questions to assess the particular group's experience with sexual harassment, sexual assault, stalking, and dating/domestic violence

CLIMATE SURVEY STAGES

SURVEY STRUCTURE

- The first step in the development of a climate survey is understanding who you are surveying
 - Demographic questions provide the ability to narrow results by hundreds of additional categories and comparisons (if you choose)
 - Demographic questions can't be asked retrospectively
 - Ensure the survey includes all demographic questions you want to know about those completing the survey before implementation
 - Consider which statistics are typically requested (e.g., year, gender, gender identity, race, student-athlete status)

SURVEY STRUCTURE (CONT.)

- Experience and perception questions should make up the bulk of the survey
 - Designed to gain a better understanding of the participants' experiences with sexual harassment, sexual assault, stalking, and intimate partner violence
 - Questions can focus on personal observation, personal experience, and/or general perception
- Questions should clearly differentiate between experiences that occurred while the participant was affiliated with the institution and experiences which may have occurred prior to affiliation
- Experience and perception questions are likely to be more open ended, which will make them harder to analyze but will provide a more complete understanding of participants' views

CLIMATE SURVEYS: TOPICS

- ATIXA recommends targeted questions to evaluate how well individuals understand the existing sexual assault, harassment, stalking, and dating/domestic violence policy
 - This involves a survey question with an embedded link asking first if the individual is familiar with the policy and then asking them more specifics about the policy being fair to the Respondent, the Complainant, and its application at the institution

ONLINE SURVEY TOOL FOR CAMPUS SAFETY (2022 VAWA REAUTHORIZATION LAW)

- The Secretary of Education shall develop, design, and make available through a secure and accessible online portal, a **standardized online survey tool** regarding **postsecondary student** experiences with domestic violence, dating violence, sexual assault, sexual harassment, and stalking.
- The survey tool shall be fair and unbiased, be scientifically valid and reliable, meet the highest standards of survey research, and notify the participant that anonymized results of the survey may be published.
- The survey must be accessible for individuals with disabilities.

ONLINE SURVEY TOOL FOR CAMPUS SAFETY (CONT.)

- Questions shall be designed to gather information on **student** experiences with domestic violence, **dating violence, sexual assault, sexual harassment, and stalking**, including the experiences of victims of such incidents.
- Questions will include:
 - optional demographic information
 - incidence and prevalence of domestic violence, dating violence, sexual assault, **sexual harassment**, and stalking
 - students' awareness of related institutional policies and procedures

ONLINE SURVEY TOOL FOR CAMPUS SAFETY (CONT.)

- what response was received, what actions were taken, and the outcome of the matter if a victim reported an incident to different entities
- contextual factors, such as whether force, incapacitation, or coercion was involved
- institutional affiliation of the respondent, if any
- whether a victim reported an incident to Federal, State, local, Tribal, or campus law enforcement
- the impact of domestic violence, dating violence, sexual assault, sexual harassment, and stalking on the victim's education
- the impact and effectiveness of prevention and awareness programs and complaints processes

ONLINE SURVEY TOOL FOR CAMPUS SAFETY (CONT.)

- attitudes toward sexual violence and harassment, including the willingness of individuals to intervene as a bystander
- other questions, as determined by the Secretary of Education
- An institution of higher education may request, at no cost to the institution, to add additional questions that would increase the understanding of the institution of school climate factors unique to the campuses affiliated with the institution.

ONLINE SURVEY TOOL FOR CAMPUS SAFETY (CONT.)

- Beginning not later than **one year** after the date on which the survey tool is available, and **every two years** thereafter, each institution higher education that receives Federal educational assistance shall administer the survey
- Each institution shall publish, in a manner that is readily accessible and usable by individuals, including individuals with disabilities—
 - the campus-level results of the standardized elements of the survey
 - the campus-level results of the additional elements modifying the survey by the institution, if any, on the website of the institution

ANNUAL COMPLAINT ANALYSIS

ANNUAL COMPLAINT ANALYSIS

- Consistent with data provided for the ASR
- Some systems provide automatic report creation
 - e.g., Maxient, Advocate, Guardian, etc.
- Can assist in prevention and program planning for new and returning students each year
- Informs of potential problematic behaviors, groups, or physical locations that might need more direct attention
- May indicate bias concerns related to reporting and/or outcomes

PREGNANT AND PARENTING STUDENTS

TITLE IX AND PREGNANCY

20 U.S.C. § 1681 & 34 C.F.R. Part 106 (1972)

“No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any educational program or activity receiving federal financial assistance.”

Title IX of the Education Amendments of 1972 prohibits discrimination on the basis of sex, including pregnancy and parental status, in educational programs and activities.

“A recipient shall not apply any rule concerning a student’s actual or potential parental, family, or marital status which treats students differently on the basis of sex.”

34 C.F.R. § 106.40

WHY IS IT IMPORTANT TO PROTECT PREGNANT AND PARENTING STUDENTS?

“According to a survey conducted by the Bill and Melinda Gates Foundation, a third of young women who did not finish high school stated that becoming a parent played a major role in their decision to leave. Only about half of young mothers will earn a high school diploma by the age of 22, compared with 89 percent of women who did not have a child during their teenage years, and one-third of young mothers will never get a G.E.D. or a diploma.”

PREGNANCY DEFINED

Pregnancy and related conditions:

- “A Recipient shall not discriminate against any student or exclude any student from its education program or activity, including any class or extracurricular activity, on the basis of such student's **pregnancy, childbirth, false pregnancy, termination of pregnancy or recovery therefrom**, unless the student requests voluntarily to participate in a separate portion of the program or activity of the recipient.” (34 C.F.R. § 106.40)

WHO IS COVERED UNDER TITLE IX PREGNANT AND PARENTING STUDENT REGULATIONS?

- Students who become pregnant, terminate a pregnancy, or give birth during an academic school year
- Title IX regulations apply to pregnant students for as long as deemed medically necessary by the student's health care provider
 - These protections are not indefinite

WHO IS COVERED UNDER TITLE IX PREGNANT AND PARENTING STUDENT REGULATIONS? (CONT.)

- Pregnant and parenting protections under Title IX can apply equally to the other parent of the child
 - Example: If your school or institution allows time for females to bond with or care for their children, this should apply to males and non-binary or trans* individuals as well.
 - This does not mean that if a pregnant individual is placed on bed rest and thus must miss classes for a day (which must be excused per Title IX protections), that the other parent would also have an excused absence.

- Educators must ensure pregnant and parenting students are **not discriminated against**
- Educators must ensure that pregnant and parenting students are **fully supported in preparation for graduation and careers**
- Secondary school administrators, teachers, counselors, and parents must be well-educated on the rights of pregnant and parenting students as provided under Title IX

PREGNANCY & TITLE IX: REGULATORY LANGUAGE

Physician Certification

- “A Recipient **may require** such a student to **obtain the certification of a physician** that the student is physically and emotionally able to continue participation in the normal education program or activity **so long as such a certification is required of all students for other physical or emotional conditions requiring the attention of a physician.**” (34 C.F.R. § 106.40)
 - “Thus, for example, a student who has been hospitalized for childbirth must not be required to submit a medical certificate to return to school if a certificate is not required of students who have been hospitalized for other conditions.”

PREGNANCY & TITLE IX: REGULATORY LANGUAGE

Pregnancy as a Temporary Disability

- “A Recipient shall treat pregnancy, childbirth, false pregnancy, termination of pregnancy, and recovery therefrom **in the same manner and under the same policies as any other temporary disability** with respect to any medical or hospital benefit, service, plan, or policy which such recipient administers, operates, offers, or participates in with respect to students admitted to the recipient's educational program or activity.”
(34 C.F.R. § 106.40)

PREGNANCY & TITLE IX: OCR GUIDANCE

Doctor's Note to Participate

- **“Schools cannot require a pregnant student to produce a doctor’s note in order to stay in school or participate in activities**, including interscholastic sports, unless the same requirement to obtain a doctor’s note applies to all students being treated by a doctor.” (34 C.F.R. § 106.40)
- “That is, schools cannot treat a pregnant student differently from other students being cared for by a doctor, even when a student is in the later stages of pregnancy; **schools should not presume that a pregnant student is unable to attend school or participate in school activities.**”

PREGNANCY & TITLE IX: REGULATORY LANGUAGE

Leave Policies

- “In the case of a Recipient which does not maintain a leave policy for its students, or in the case of a student who does not otherwise qualify for leave under such a policy, a recipient shall treat pregnancy, childbirth, false pregnancy, termination of pregnancy, and recovery therefrom as **a justification for a leave of absence for so long a period of time as is deemed medically necessary by the student's physician, at the conclusion of which the student shall be reinstated to the status which she held when the leave began.**” (34 C.F.R. § 106.40)

PREGNANCY & TITLE IX: OCR GUIDANCE

Leave Policies (Cont.)

- “When the student returns to school, she must be reinstated to the status she held when the leave began, which should include giving she the opportunity to make up any work missed.”
- “A school may offer the student alternatives to making up missed work, such as:
 - Retaking a semester
 - Taking part in an online course credit recovery program
 - Allowing the student additional time in a program to continue at the same pace and finish at a later date, especially after longer periods of leave
- The student should be allowed to choose how to make up the work.”

PREGNANCY & TITLE IX: EXCUSED ABSENCES AND MEDICAL LEAVES

- Teachers and faculty must understand that they are required to excuse absences/medical leaves as determined by the Title IX Coordinator
 - May not refuse to allow work to be submitted after deadline if missed due to pregnancy or childbirth
- If grading is based in part on class participation or attendance, student must be given an opportunity to make those points up, if missed, due to pregnancy or childbirth

PREGNANCY & TITLE IX: HARASSMENT PROTECTIONS

- Recipients must protect pregnant students from harassment based on sex
 - This includes harassment because of pregnancy or pregnancy-related conditions
- Conduct that is sufficiently severe, pervasive, and objectively offensive is prohibited and must be addressed under the Recipient's sexual harassment adjudication process. Conduct can include:
 - Sexual comments or jokes about student's pregnancy
 - Sexually-charged named calling
 - Spreading rumors about sexual activity
 - Sexual propositions or gestures

PREGNANCY & TITLE IX: POLICY AND PROCEDURE REQUIREMENTS

- Develop and annually distribute a policy prohibiting sex discrimination that includes prohibited discrimination against pregnant and parenting students
- Adopt and publish grievance procedures for students to file a complaint of sex discrimination that includes discrimination related to pregnancy or parental status
- Students and employees should be aware that the Title IX Coordinator also holds the responsibility of overseeing complaints of discrimination against pregnant and parenting students

SALT LAKE COMMUNITY COLLEGE RESOLUTION AGREEMENT (JUNE 2022)

- Facts: Faculty repeatedly refused/partially modified attendance reqs for a pregnant student; suggested she drop the class
- Allegations/Findings/Takeaways:
 - Failure to respond promptly/equitably to pregnancy discrimination complaint
 - Failure to engage in iterative process
 - Failure to excuse pregnancy-related absences
 - Document, document, document
 - Consider request and the discrimination allegation
 - Consider whether the pregnancy is creating a temporary disability/504 analysis and referral
 - Make sure website(s) describe the iterative process

ATHLETICS, PREGNANCY, AND TITLE IX

NCAA Guidance

- A pregnant student-athlete's physician should make medical decisions regarding sport participation
- A student-athlete with a pregnancy-related condition must be provided with the same types of modifications provided to other student-athletes to allow continued team participation
- Pregnant student-athletes cannot be harassed due to pregnancy
- A student-athlete whose athletic career is interrupted due to a pregnancy-related condition will typically be entitled to a waiver to extend their athletic career

CASE STUDY

- Siri

CASE STUDY: SIRI

- Siri, a nursing student, is in her third trimester of pregnancy and her final year of nursing school. Siri is completing her clinical hours with the university-affiliated medical school when the Director of the medical school, who also oversees nursing students, phones you to inform you that Siri will need to stop participating in her clinical experience until after she gives birth.
- The Director explains that Siri will have to lift patients, stand for long hours, and oftentimes miss a meal during a shift--all of which pose risks to her and her unborn baby and put the medical school and the program at liability risk.

CASE STUDY DISCUSSION: SIRI

- Siri is furious with this decision and explains that she is perfectly able to complete her clinical hours if given the appropriate accommodations, which she adds, is her right. Siri also explains that she wants to graduate with her cohort, and she already has a nursing job ready for her when she graduates and passes the licensure exam.
- Siri also shares that by delaying her completion of the program, her VISA may be in jeopardy of being cancelled.
- The Director is adamant that Siri is a liability and refuses to schedule or sign off on any hours for Siri until post-pregnancy.

What are your recommendations?

SPECIAL TOPICS

- Nursing rooms, mothers' lounges, etc.
- Residence halls
- Labs, chemicals, exposure to diseases, etc.
- Cohort programs
- Licensure requirements
- Online learning/homebound instruction
- Childcare

NURSING ROOMS, MOTHERS' LOUNGES, ETC.

- Not required under Title IX, but an inclusive practice
- Having a dedicated space will contribute to a more inclusive campus/school environment for students, employees, and guests
 - Idea: If you have a women's resource center, create a private space by placing a privacy barrier for nursing mothers
 - Idea: Rotate usage of additional spaces
 - Idea: Rent a lactation pod/suite and place in a heavy traffic building for easy access

RESIDENCE HALLS

- Not required to change occupancy policies for any residence hall on your campus
- Upon birth of child, Recipient can move the student to housing more appropriate for parenting students, if applicable
 - Not required to pay for housing of parenting student if institution does not offer family housing
- Pregnant students are required to have equal access to housing and cannot be discriminated against, regarding housing, during their pregnancy
 - Example: A student with a roommate becomes pregnant. Pregnant student develops morning sickness, which causes vomiting often. The roommate wants the school to move the pregnant student to another room because of the vomit.

LABS, CHEMICALS, EXPOSURE TO DISEASE, ETC.

- Reasonable restrictions for health and safety (as determined by a physician) are permitted
- No one at the institution/school is permitted to make this decision on behalf of pregnant student
- Cannot force a pregnant student to restrict themselves from the class, lab, or exposure. Can recommend, but not force.
- Cannot impose penalties for a pregnant student who decides to restrict themselves
- Cannot require a doctor's note from pregnant student, if it is not required for other students

COHORT PROGRAMS & LICENSURE REQUIREMENTS

- Recipient is obligated to accommodate pregnant students
- Can recommend, but cannot force a student to change academic courses or programs
- Students should still be held accountable for coursework completion and standards regardless of pregnancy
- Provide options to pregnant students and allow them to make the decision of which path they take
- There are always options to accommodate pregnant and parenting students while still adhering to licensure requirements. May require thinking outside of the box.

CASE STUDY

- Sasha

CASE STUDY: SASHA

- Sasha is a sophomore theatre major and just found out she is pregnant. Sasha is having a very rough first trimester and is having to miss a lot of rehearsal time for a play in which she was recently cast as the lead role.
- Professor Alexa, Sasha's Acting II instructor and the director of the production Sasha is in, has a very strict attendance policy when it comes to missing rehearsals.
- Professor Alexa's policy is, if a student misses more than two rehearsals, they are removed from their role. Sasha has now missed her third rehearsal and is removed from the lead role and the play altogether.

CASE STUDY: SASHA

- Sasha is mad that she has been removed from the cast of the show and reports to you that she is being discriminated against based upon her sex and pregnancy status.
- Professor Alexa states that Sasha's removal has nothing to do with her sex or pregnancy status and has everything to do with the attendance policy which is applied equally to all students in productions.
- Furthermore, according to the national theatre accrediting body, each production must include a minimum of twenty rehearsal hours for each actor prior to the first full dress rehearsal in order for the play to be considered of educational quality, and for it to count towards the student's degree requirements.

CASE STUDY DISCUSSION: SASHA

- Rehearsals take place one day per week for six hours each session. Missing one rehearsal is the equivalent of missing three weeks of course material.
- Sasha's three absences have significantly impacted the others involved in the productions, including other students not having the ability to rehearse scenes with her, which has in turn decreased their total number of rehearsal hours.
- Sasha tells you that she has been rehearsing during the weekends with her scene partners and knows her lines despite missing the three class periods.

What do you do as Title IX Coordinator?

ONLINE LEARNING & HOMEBOUND INSTRUCTION

- If this is a service offered to other students with temporary medical conditions, it should be offered to pregnant and parenting students
- More common following the pandemic
- All other accommodations should still apply, if applicable
- Cannot force student into this option but can recommend
- May be appropriate to offer to other parent if this falls under Recipient's leave policy

CHILDCARE

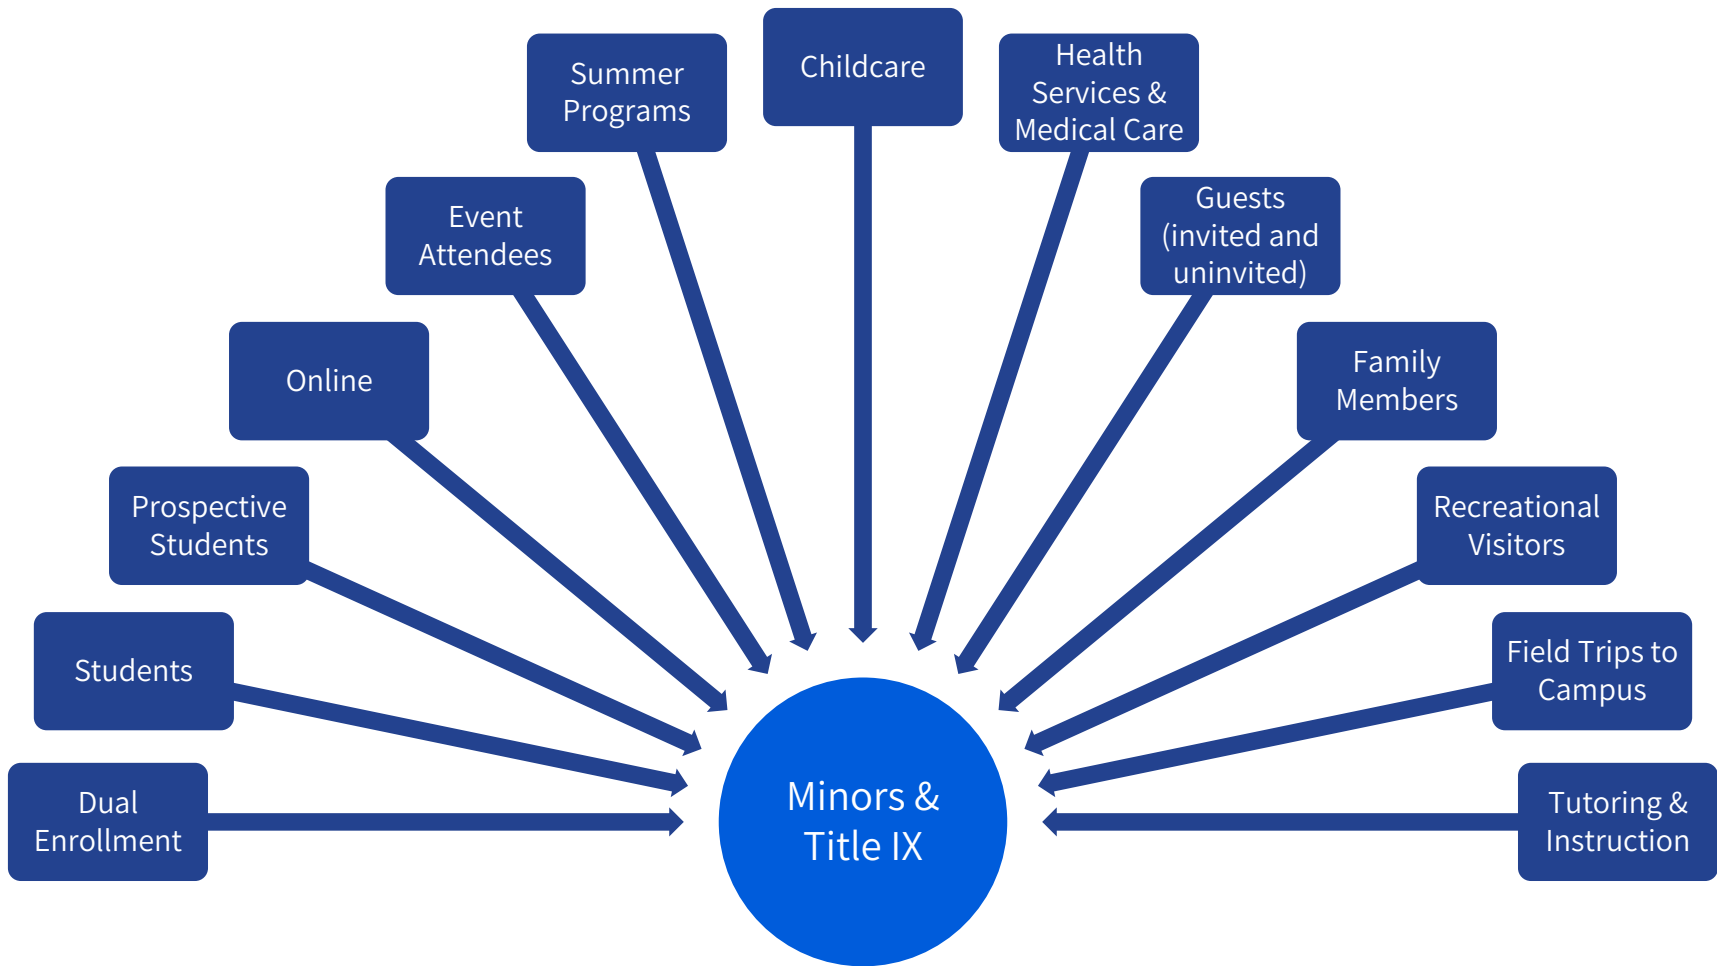

- Childcare is not considered “medically necessary” under Title IX
- Students can still be held to regular standards set forth for all students (i.e., attendance)
- If teachers/faculty provide latitude for parenting students as it relates to childcare, they must provide latitude for all other students as well
- Important for teachers/faculty to set the tone early
- Be consistent

MINORS AND TITLE IX: SAMPLE POLICY

Abuse involving minors – model policy language (higher education):

- In addition to having students who are minors enrolled, [Recipient] hosts minors as guests and as campers. [State] law narrowly imposes duties on mental health professionals, counselors, clergy, and law enforcement to report certain crimes involving minors, and abuse, to appropriate officials. [Recipient]’s protocol is that **all employees will report all suspected child abuse, sexual abuse of minors, and criminal acts by minors to [the Security Office] without delay.** Clery Act reporting of offenses for statistical purposes occurs whether victims are minors or adults.

- Title IX applies to:
 - Intercollegiate athletics
 - Interscholastic athletics

TITLE IX & TRANSGENDER INDIVIDUALS

Common Concerns and Current Challenges

- State-based legislation (trans participation in athletics, access to bathrooms)
- Political changes
- Conflict between Title VII (EEOC) and Title IX (OCR)
- Possible federal legislation
- Resources, services, and programs based on the gender binary (e.g., Homecoming King and Queen, Women's Clinic)
- Educating institutional communities and constituencies
- Religious schools, club or group membership and/or leadership, sharing of restrooms, etc.

- **Maintaining Privacy**

- Maintain privacy in relation to gender identity to the extent possible
- Sex and gender, including transgender status, should not be included as directory information

ACTIVITIES AND FACILITIES

- Where sex-segregated activities and facilities are provided, transgender individuals should be allowed to both **participate** and **access facilities** consistent with their gender identity
 - Participation in athletics is murky
- **Restrooms and Locker Rooms**
 - Institutions should not:
 - Require transgender individuals to use facilities inconsistent with their gender identity, nor
 - Require use of individual-user facilities where other students or employees are not made to do so
 - Unless you're in the 11th circuit (FL, GA, AL)
- Individual-user options can be made available to all students

ACTIVITIES AND FACILITIES (CONT.)

DCL ON TRANSGENDER STUDENTS (RESCINDED)

Athletics

- Beware of requirements that rely upon overly broad generalizations or stereotypes
- Discomfort with transgender students
- NCAA, NJCAA, and other organizations have specific policies regarding participation
- OCR has rescinded Trump-era enforcement letters that stated that students should compete according to biological sex

Single-Sex Classes

- Transgender students are to be allowed to participate consistent with their gender identity

DCL ON TRANSGENDER STUDENTS (RESCINDED) (CONT.)

Housing and Overnight Accommodations

- Institutions must allow transgender students access to housing consistent with their gender identity
- Institutions may not require transgender students to stay in single-occupancy accommodations or to disclose personal information when not required of other students
- Institutions can choose to honor a student's voluntary request for single-occupancy accommodations
- Same-sex only guest policies may be discriminatory on the basis of sexual orientation
- Consider summer camps, etc.

TECHNOLOGICAL ABUSE AND CYBER HARASSMENT

VAWA 2022: TECHNOLOGICAL ABUSE

- 2022 Reauthorization added the term “**technological abuse**” to mean
 - an act or pattern of behavior that occurs within domestic violence, sexual assault, dating violence or stalking and is intended to harm, threaten, intimidate, control, stalk, harass, impersonate, exploit, extort, or monitor, except as otherwise permitted by law, another person, that occurs using any form of technology, including but not limited to: internet enabled devices, online spaces and platforms, computers, mobile devices, cameras and imaging programs, apps, location tracking devices, or communication technologies, or any other emerging technologies

OVERLAP BETWEEN TECHNOLOGICAL ABUSE AND SEXUAL EXPLOITATION

- Incidents of technological abuse may fall under your institution's sexual exploitation policy

ATIXA's Model Definition of Sexual Exploitation (non-Title IX sexual harassment)

- Occurs when one person takes non-consensual or abusive sexual advantage of another for their own benefit or for the benefit of anyone other than the person being exploited, and that conduct does not otherwise constitute one of the other sexual harassment offenses.

ATIXA'S MODEL DEFINITIONS: SEXUAL EXPLOITATION (CONT.)

- Examples of technology-facilitated sexual exploitation:
 - Taking pictures, video, or audio recording of another in a sexual act, or in any other sexually related activity when there is a reasonable expectation of privacy during the activity, without the consent of all involved in the activity; or exceeding the boundaries of consent (such as allowing another person to hide in a closet and observe sexual activity; or disseminating sexual pictures without the photographed person's consent), including the making or posting of non-consensual pornography

ATIXA MODEL DEFINITIONS: SEXUAL EXPLOITATION (CONT.)

- Misappropriation of another person's identity on apps, websites, or other venues designed for dating or sexual connections (e.g., spoofing)
- Forcing a person to take an action against that person's will by threatening to show, post, or share information, video, audio, or an image that depicts the person's nudity or sexual activity
- Knowingly soliciting a minor for sexual activity
- Behaviors usually emerge within the context of an intimate relationship or as an element of Dating Violence, Domestic Violence, or and Stalking

CYBER HARASSMENT

The use of communication technologies, or any other emerging technologies to harass or bully another person

- Also called cyberbullying
- Most often occurs on social media platforms or other online forums
- Engaging in repeat behaviors directed at a specific person with the intent to cause harm
 - Threats
 - Encouraging self-harm
 - Spreading gossip or posting rumors
 - Impersonation
 - Sharing private and/or personal information
 - Disparaging sex and gendered-based speech
 - Hate speech

JURISDICTION CONSIDERATIONS

- **Mandatory Jurisdiction** = We must respond by law
 - The *Davis* standard - Title IX applies, and jurisdiction is required, when the Recipient has:
 - Control over the harasser (Respondent) AND control over the context of the harassment
 - And the Complainant is experiencing a discriminatory effect within an educational program or activity
- **Discretionary Jurisdiction** = We may respond by policy (if we choose)
 - The Recipient may still take discretionary jurisdiction over incidents off campus or on non-school property, but under other policies, not Title IX

LIMITATIONS ON JURISDICTION

- Actions/conduct/speech protected by **academic freedom**
 - Pedagogically appropriate and germane to the subject matter of course that instructor hired to teach/research
- Actions/conduct/speech protected by the **First Amendment**.
 - Merely offensive conduct cannot be disciplined at a public school
 - Must be **severe, pervasive, and objectively offensive**

TAKEAWAYS

- Substantially disruptive online conduct could still violate and be addressed under:
 - Institutional harassment/discrimination policies
 - Student Handbook/conduct policies
 - Technology/Acceptable Use policies
 - Employee Handbook/conduct policies
 - Professionalism standards
- Institution should still take steps to:
 - Provide support and resources to the Complainant to address any “downstream effects”

- Worry that application of the knowledge obtained by practitioners in our field has gotten way ahead of the actual science
- The body of knowledge is being misapplied
- Some purveyors of this knowledge are politically motivated to extrapolate well beyond any reasonable empirical conclusions currently supported by the science
- The field needs to incorporate trauma-informed investigation and interviewing methods into its best practices, provided that they do not compromise the ability to obtain credible, relevant evidence

ATIXA POSITION STATEMENT (CONT.)

- However, the “Neurobiology of Trauma” should not significantly influence the way that colleges and schools evaluate evidence
- We can be trauma-informed in our investigations without allowing trauma to unduly influence our interpretation of evidence
- Wise administrators are vetting their training materials for potential indications of bias to ensure the best possible defense to a claim of a biased resolution process
- Not suggesting that Title IX professionals forego trauma training, but that the trainings must be balanced, or, better yet, obtained from a balanced source

TRAUMA-INFORMED PRACTICES

- Trauma-Informed Practices assume that an individual is more likely than not to have a history of trauma.
- On an organizational or systemic level, Trauma-Informed Practices change organizational culture to emphasize respecting and appropriately responding to the effects of trauma at all levels.
- The intention of Trauma-Informed Practice is to provide all persons with support services in a way that is accessible and appropriate to those who may have experienced trauma
 - This is similar to how the Universal Design framework provides all persons with physical spaces and learning systems that are accessible to those who may have a disability

TRAUMA-INFORMED PRACTICES

- A Trauma-Informed approach also considers and modifies policies, procedures and treatment strategies from the top-down in order to ensure they are not likely to mirror the common characteristics of traumatic experiences.
