INTRODUCTION

The Human Resources department has implemented this system in order to automate many of the tasks of the employment application process.

You will use this system to complete four main tasks:
1) Review and approval of job postings
2) Search and review applicants
3) Review and approval of new hire requests
4) Communicate electronically with HR administrators, hiring managers, applicants, and others involved in your hiring process

Your Web Browser

PeopleAdmin SelectSuite® supports the following browsers:

- Chrome (self-updating)
- Firefox versions currently supported by the vendor
- Internet Explorer version 9 and later
- Safari versions currently supported by the vendor

When an issue arises with a supported browser version, PeopleAdmin will consider fixing it in an upcoming release. Issues related to browser versions that are no longer supported will not be addressed.

The site also requires you to have Adobe Acrobat Reader installed. This is a free download available at www.Adobe.com.

Security of Applicant Data

To ensure the security of the data provided by applicants, the system will automatically log you out after 60 minutes if it detects no activity. However, anytime you leave your computer we strongly recommend that you save any work in progress and log out of the system by clicking on the logout link located on the bottom left side of your screen.
GETTING STARTED

After entering the URL, the “login screen” for the system will appear and should be similar to the following screen

https://txwes.peopleadmin.com/hr/login

(applicant portal = https://txwes.peopleadmin.com/)

Your username and password are the same as your Texas Wesleyan credentials.
The Welcome Screen appears after you log in, and should appear similar to the following screen:

This page is designed to help you keep track of the actions required by you or your department. Items in your inbox require your attention. Items on your watch list are things you have designated you’d like to keep an eye on as they move through the approval process.

POSTINGS/REQUISITIONS

You can create a requisition/posting using the system. You will be able to create a posting from scratch (blank form) or from a previous posting.

To create a new posting, click on Postings from the top menu and then click on the Create New Posting button.
Entering Posting Information

You will then be prompted to create your posting from a position type (blank form or from a previous posting).

TIP: When you first start using PeopleAdmin, you will always choose “Create from Position Type”. Once you have a library of previously posted positions, you can use “Create from Posting”, if the job description you are using hasn’t changed.

You will then come to the Postings Setting page where you will enter the title, division and department of the posting.

If you are attached to multiple departments, you will get a drop-down menu in the Department section. If you are attached to only one department, the system defaults automatically to that department.

Also make sure that the box under the Supporting Documents heading is checked to allow supporting documents to be uploaded to applications.
When you have completed filling out that information, click on the Orange Create New Posting button.

You will then come to the Posting Details page, the first page of the Posting. Fill out the fields on the form.

Fields with an Asterisk (*) are required, so if you do not include information in the field, an error message will appear and you will be required to complete it.

TIP: Every field you enter on this screen, up to the EEO Statement field, will appear on the applicant site exactly as you enter it on this screen, so please proofread carefully.

TIP: The fields in the Position Information section match up to the information on the job descriptions. You can copy and paste from an electronic version of your job description straight to the job posting. Please remember that all new or revised job descriptions need to be submitted to and approved by the Human Resources department prior to posting.
Adding Screening Questions

Posting Specific (screening) Questions are individual questions that can be used to qualify/disqualify candidates, or rank applicants based upon a score. You may create those questions in this section.

If you are not adding any Screening Questions, click the Next button.

To add a Screening Question to this Requisition, click on the Add a Question button, which returns the following page:

TIP: Supplemental questions allow hiring managers to sort through their applicants without having to view each applicants’ profile. The system allows hiring managers to query applicants on questions about education, experience, or personality related questions. PeopleAdmin compiles all the applicants’ answers onto one Excel spreadsheet for hiring managers to review.
### Available Supplemental Questions

<table>

Can't find the one you want? Add a new one

Submit | Cancel
The first step is to search existing questions. You can enter a keyword to search the question text (or leave the field blank). The system will return a list of all questions that have been entered previously by Human Resources or Hiring Managers for other Requisitions. Select one of the questions from the list if it is appropriate for this Requisition.

If you do not find an applicable sample question from the list, you may create a question from scratch by clicking on the Add a Question link at the bottom of the Search Results screen.

Step 1: Please enter question name, status, category and question text. Enter the text of the question you wish to ask all candidates who will apply to this Posting. (Only HR will be able to change the status of question; all other user groups will have their question at a “Pending” status awaiting HR’s approval.

Step 2: Please select answer type: select either Open Ended or Predefined Answers – described in the following sections.
Step 3: Enter answer choices or select answer format based upon your selection in step 2.

**Adding Closed Ended Questions**

Closed Ended questions require a multiple-choice answer. For example:

*Do you have experience working in an office environment?*

**Possible Responses: Yes or No**

![Image of form with question and answer choices]

**Possible Answers**

- Open Ended Answers
- Predefined Answers

Empty answers will be excluded. Click and drag possible answers to reorder them.

Possible Answer 1: Yes
Possible Answer 2: No

After selecting the “Closed Ended” radio button, enter the answer choices that candidates can choose from in the boxes labeled “Possible Responses”. In this case, you would enter:

1. Yes
2. No
Adding Open Ended Questions

Open Ended questions do NOT require a multiple-choice answer. For example:

*Describe any work experience relevant to this position.*

The next step is to click on the **Submit** button at the bottom of the screen. This attaches the question to the Requisition, and every applicant who applies to this Requisition will be asked this question.
After you click **Submit Question**, you should see a screen similar to the following. This screen summarizes the question(s) you have entered. As you enter additional questions, they will be added to this summary screen.

![Supplemental Questions Screen](image)

From this screen you may continue to add more questions by clicking the **Add a Question** button. You may also delete a question you have entered by clicking the x next to the relevant question.

You also have the ability to **Require** an applicant to provide an answer to the question you added. The applicant will not be allowed to proceed without answering a question with the “Required” status. To require the question, check the required box.

If you wish to make a question a disqualifying question or to assign points to responses, click on the question link.

![Included Supplemental Questions](image)

When you click on the question, you will see the screen above where you can mark a selection disqualifying by checking the box or you can assign points to a particular response. This is often done to help find the most qualified candidates quickly. You do **NOT** have to use this functionality to use supplemental questions.
When you have finished adding screening questions for this Requisition, click the **Next** button.

### Documents Needed to Apply

On this screen, you will designate the documents that will be necessary for applicants to apply to this posting. You can make this determination on a posting by posting basis. If a document is optional, select the Optional radio button, if it is required, select the Required radio button.

<table>
<thead>
<tr>
<th>Order</th>
<th>Name</th>
<th>Not Used</th>
<th>Optional</th>
<th>Required</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Resume</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>2</td>
<td>Cover Letter</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>3</td>
<td>Transcripts</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>4</td>
<td>Letter Of Recommendation 1</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>5</td>
<td>Curriculum Vitae</td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

**TIP:** Please make Appendix O an optional document. This is a form that internal applicants must fill out when trying to apply for jobs on-campus. A Resume and Cover Letter are always required documents.

### Posting Documents

On this screen, you may add documents that you wish to internally add to the posting. To attach a document, click on the blue action button next to the document name. From there you will be able to browse and attach the document to the posting.
Search Committee Members

This is where we can list any Search Committee Members who may need to be assigned to this posting. You simply type in the name of the user you wish to add as a search committee member and then click on Add Member. If you wish to make them the Committee Chair, check the Make Member the Committee Chair box.

Activating Guest Users

Guest Users are only able to view the applicants to the Requisition(s) to which they are assigned, and are not permitted to take action on any of the applicants. Also, Guest Users are only able to view the Requisition(s) to which they are assigned. When the Requisition is filled, the guest user name and password are automatically deactivated. This feature can be used for individuals who are not users in the PeopleAdmin system.

Click on the Create Guest User, the system will generate a Username and the password will also auto generate. If you want to change the password, update the password and then click on Update Password. You can enter the email addresses of anyone you want to send the guest user credentials to and when finished, you would click on the Update Guest User Recipient List. When done on the Guest User page, click on the orange Next button.
The system will then bring you to a summary page where you can review the posting and move to the next level approver.

The system will generate an email to the next approver, making them aware that a posting is ready for their review and approval. The posting will continue through the approval workflow until Human Resources posts the position.
REVIEWING APPLICANTS

APPLICANT TRACKING: Postings – Select Main from the Posting menu. Locate the posting that you wish to review applicants on and open it to the Applicants tab.

To see who has applied to a posting

1. Locate and open the posting.

2. Open the Applicants tab to open the list of applicants.

To view an application

1. In the search area of the posting's applicants list, add the "Document Conversion Status" column to this search view to see whether any applicants have submitted documents that did not convert properly to PDF.

   If an applicant uploads a document that fails to convert to PDF, the application will need to be reactivated so the applicant can provide a new document. See Helping Users and Applicants in the Online Help for instructions.

The supplemental questions section indicates whether the applicant passed the qualification group questions, if there were any on the posting.

The certification section of the application shows whether the application was submitted by the applicant or by an HR user on behalf of the applicant.
To view an applicant's documents one at a time

1. Locate the applicant of interest from the complete list of applicants on the posting or from a supplemental question statistical detail.

2. Select the document of interest.

To view one applicant’s application materials together

1. If the list of applicants does not include the Combined Documents column, select **More Search Options** and add it from the Add Column list. The list of applicants refreshes.

2. For the applicant of interest, select **Generate** or **View** in the Combined Document column, depending on which is available. **Generate** creates an up-to-date PDF. **View** presents the PDF of the applicant's most recent application materials in a new tab of your browser.

To view a collection of applicant documents

You can review more than one applicant document at a time. You may choose to view all the documents for an applicant, specific applicant documents for each of a group of applicants, or all applicant documents for a group of applicants.

1. On the posting's **Applicants** tab, check the boxes to select the applicant or applicants of interest.

2. Do one of these things:
   - See the selected applicants' materials together: From the **Actions** menu, select **Download Applications as PDF**. In the dialog box, select the types of documents you want to view, then select **Submit**.
   - See the selected applicants' materials separately: From the **Actions** menu, select **Create Document PDF per Applicant**.

---

PeopleAdmin Implementation Process
Changing the Status of Applicants

While reviewing an application, you must change the status of applicants as you review their credentials, interview them, and make a final decision. To change the status of one applicant, click the “Take Action on Job Application” button.

Changing the Status of Multiple Applicants

To move a group of applicants to a new workflow state

1. From the list of all applicants on the posting, check the boxes associated with the applicants of interest.

2. From the Actions menu, select Move in Workflow. The Editing Workflow States page opens.

3. Do one of these things:

TIP: You can view all your screening question answers in one spreadsheet by selecting the Download Screening Question Answers option in Actions above the applicants.
- Use the Change for all applicants box to select the workflow state for all the applicants you selected, or

- For each applicant listed on this page, select the new workflow state.

4. If required, select the reason that best explains why you are moving the applicants in the workflow. You can select a reason for each applicant even if you moved all of them in the workflow together.

5. When you have moved all applicants to the appropriate workflow states, select **Save Changes** to update them.

**HIRING PROPOSALS**

When an applicant has gone through the evaluation process and becomes the finalist/selected candidate, the candidate must be moved to “Recommend for Hire” and then the link to begin the hiring proposal will appear. The Department Head/Hiring Manager will be able to begin the hiring proposal by selecting the Start Hiring Proposal link.
To approve a hiring proposal or move it in the workflow

1. From the **Hiring Proposals** menu, select the appropriate position type.

2. Locate and open the hiring proposal for the applicant of interest.

3. Open the **Take Action on Hiring Proposal** menu and move it to the appropriate workflow state. A confirmation box opens.

4. If required, provide an explanation for moving the applicant to this workflow state.

5. Select **Submit** to move the hiring proposal to the selected workflow state.

Your organization's process determines how the offer is generated and presented to the applicant.

To print a hiring proposal

1. Locate the hiring proposal and open it for viewing.

2. Select **Print Preview**. The system presents a printable view.

3. Use your browser's Print feature to print the document.

4. Use your browser's Back button to return to the main view of the hiring proposal.

When the hiring proposal is finalized, the applicant will be moved to Hired.

At this point, you will want to go to the Posting and move it to filled. This will complete the close out process of your posting in PeopleAdmin.
