

TWCCC ORIENTATION INFORMATION

Welcome to the Practicum part of your degree. The Counseling Center is where you will be where you will have at least one client to video tape for your Practicum class. If you are in Pre-Practicum, this is where you will be filming your videos for class and meeting with your Mentors.

Orientation is a requirement for Pre-Practicum students and those who are in Practicum 1 of their degree plan. You will be given a Certificate of Completion at the end of the evening.

Orientation for this semester will be on **THURSDAY FROM 6 PM - 9 PM**

Orientation is always held in the lobby of the Counseling Center, and a meal will be provided.

You will be presented information from Scott Methvin over rules and procedures at the Center.

Dr. Crook will introduce the assessments and other measuring tools we use at the Center. He will also tell you how to order them and have your client consent to these assessments.

Nick will present how to use the VALT system that we use to record session. In addition, he will go over, in detail, how to use the TheraNest software.

Other professors may join and discuss expectations while in Practicum.

Again, this is **MANDATORY** for you to attend if you are starting Pre-Practicum or Practicum 1 next semester. Failure to attend could end up in a drop in letter grade for the class. In addition, you **WILL NOT** be able to see clients until you have completed orientation.

PLEASE RSVP TO SCOTT OR NICK.

Thank you for planning to attend,

Misti Sparks, PhD, LMFT & Supervisor
Associate Professor of
Graduate Counseling

J. Scott Methvin, M.Ed., LPC-S, LMFT, LCDC
Clinical Director of Texas Wesleyan University
Community Counseling Center

Nick Mims MSMFT '16
Scheduling Coordinator of Texas Wesleyan
University Community Counseling Center
