POINTS OF PRIDE

UNDERGRADUATE EDUCATION

- Based on data from CREATE, an organization that tracks data on all teacher preparation institutions in Texas, the Texas Wesleyan University Teacher Preparation Program consistently produces graduates whose longevity in the classroom as teachers is greater than the average of all Texas public universities and greater than the average of all Texas private universities.
- An article by Joe Dryden, professor of education, titled, *The Religious Viewpoint Antidiscrimination Act: Using Students as Surrogates to Subjugate the Establishment Clause*, was recently referenced in front of the Supreme Court of the United States.
- Julie Vowell, assistant professor of education, published an article for elementary science teachers in the *Science Activities Journal*, a top-tier science journal.
- Kinesiology students in the athletic training program are regularly accepted to present research and case studies at regional and national professional meetings.
- Wesleyan is the only university in Texas to offer a minor in recreational dive management - also known as SCUBA.
- Most exercise science students who complete an internship are offered full-time employment at those internship sites where they studied.
- Graduates have recorded a 100% passing rate on the state Reading Specialist exam.
- M.Ed. reading students coordinate, plan and implement an annual summer reading clinic for the community.
- M.Ed. students and faculty serve as editors for the *Wesleyan Graduate Review*. Many students have published articles in the *Wesleyan Graduate Review*.
- Graduate students participate in study abroad in London and Australia. Ed.D. students study in Oxford.
- The Second Language Education and Culture concentration leads to a TESOL certificate, allowing students to teach English abroad.
- The Ph.D. in Marriage and Family Therapy began Fall 2014, with its first cohort of 11 students. The program is host to the Master Therapist Series, which brings in top master therapists from all over the world to talk about the classic family therapy models with students and community mental health practitioners.
